On 12/27/08, shortly after the robbery occurred, I went to various businesses in the area of National City to speak with employees in regards to possible witnesses of the robbery. I contacted employees at the following businesses:

Arbys
Meineke

None of the employees to whom I spoke, saw the vehicle and or suspect of the robbery. I passed along the description of the vehicle and suspect to the people talked to and told them to call the police should they have contact with such an individual and vehicle. ~Lucid

Supplement

I responded to the report of an armed robbery at the National City Bank that had occurred 4 minutes prior to the call. The suspect was described as a black male in his 20's. He was wearing a black coat, dark sunglasses, a black sock hat and a bandana covering the lower portion of his face. He was also wearing red & black gloves. They advised he displayed a semi-automatic type of gun and jumped over the counter. He ordered all the tellers to the floor except for one. He grabbed onto her and advised her to fill his bag w/ the money from her drawer. It is believed that he may have also grabbed money from the coin vault as well. The total amount of money taken is not known at this time.

It was advised that when he was finished, he jumped back over the counter and exited the doors and fled Northbound on US-31 in a red, four-door, Blazer styled SUV.

Detective Carter as well as Lt. Det. Tennell responded as did E.T. Kephart to process the scene. The incident was turned over to investigations.~Stalets

Investigative Narrative: Detective Scott Carter

On December 27, 2008, at 09:15 Hours, I was requested to respond to the National City Bank, 1500 North Morton Street, Franklin on a robbery. Upon arrival witnesses describe the suspect as a black male approximately six foot, wearing a dark winter jacket, scarf, gloves and sunglasses. The suspect brandished a black gun and forced the teller to fill a black cloth bag. The suspect was seen leaving the bank in a bright red full size SUV, driving north on US31.

At the time of the robbery there were four bank employees and one customer inside the bank.

I spoke with Michelle Keesee (Teller 1) who said that she saw him walk up to her window and pull out a "black Uzi type gun" and she immediately went to the ground and covered her head. He jumped over the counter and she heard him yell "Don't do anything". After that she said she didn't see much but knew that he jumped back across her window to exit the building. Keesee described the suspect as a black male with curly hair wearing a black down coat, black ski gloves with a red stripe, sock hat, scarf across his mouth and sunglasses.

I spoke with Georgina Butler (Teller 2) who said that they had just opened the bank when it happened. She was helping a customer (Pamela Mobley) when she heard Michelle yell, "Oh my God!" That was when she saw him jump the counter and point the gun at her. Butler said he then grabbed her and put the gun to her back and told her, "Bitch get the money" shoving her hand into the drawer. He had her put the money into a "black Wal-Mart type shopping bag". Butler recalled that he pushed her from her station to the drive thru where he shoved her and Michelle (Shelly) Mills down. That was when he had her get money out of the change vault. He then turned around and started yelling at Mobley in the lobby, that was when he ran out. Georgina got up and ran to lock the door to the bank this is when she saw a "nice" red Blazer with tinted windows speeding away to the north on US31. Butler described the suspect's voice as muffled but she thought he was young. Butler went on to describe him as a black male about 6' tall and thought that he was wearing a wig due to the look of the hair sticking out from around his face. He was wearing a "puffy" black jacket, ski gloves, scarf and sunglasses. I asked Butler if she saw the gun used in the robbery. Butler said she could identify the gun if she saw a picture of it. Butler said he held the gun in his right hand.

I spoke with Pamela Mobley (Customer) who said that she first saw the guy sitting in his car when she pulled up to the bank. He then got out of his car and went to the door of the bank but returned to his car after he tried to open the door and it was locked. She saw the employee unlock the doors to the bank so she got out of her car and went inside the bank. That was when she saw him sitting on the drivers side patting what looked to her as a baby. Mobley said she didn't see anyone else in the car but it had tinted windows. Soon after she got in the bank he came in and jumped the counter. She watched him and when he wasn't looking she ran out of the bank and stopped a car getting ready to pull onto US31. She told the ladies that the bank was being robbed and to call 911. Mobley said that the same car passed by them quickly and turned north on US31. Mobley said she can't remember much because it happened so fast.

I spoke with Lynnette Bailey (Drive through teller) who said that she was at the drive thru when she saw guy behind the teller line with a gun. Bailey said he was very forceful and was yelling at everyone. He came over to the drive thru and pushed Michelle (Shelly) and Georgina and took money from the coin vault. Bailey said that she didn't believe that he took any money from her drawer. Bailey went on to say that he sounded young, maybe in his early

thirties. Bailey recalled him to be about 5'11" wearing a dark jacket, red ski gloves, scarf, and big glasses. She said the gun had a curved clip and he was holding it in his right hand. Bailey said she has been a victim of a bank robbery before she said, "It's the time of year that it's going to happen".

I spoke with Michelle (Shelly) Mills (Teller 3) who said that she was at the coin vault dropping money because she had too much when she saw him behind the teller line. Mills said he had Georgina come over to where she was at. He pushed her down and told her to, "Get the money Bitch". Mills said he used the word "bitch" a lot and spoke with a loud forceful Ebonic voice. She thought he was a young black male in his mid 20's and described his cheeks as "not perfect skin." Mills went on to say that he was wearing a dark grey puffy jacket, cream and red scarf across his mouth, dark pants, and what she thought as mittens. She described the gun as an automatic with a long barrel which he was holding in his right hand.

I spoke with two corporate security personnel from the bank and obtained a CD with photos of the robbery. There were only cameras located in the lobby of the bank which take still digital photos. No other types of security features, such as dye packs or DVR video, are used by the bank. The bank does record serial numbers of fifty dollar bills then places them in each drawer which they identify as "bait money". The bait money serial numbers were collected. Photos were taken of the scene and evidence was collected. I was later advised by the security personnel that the loss was \$14,231.

I spoke with Florence Matthews and Barbara Smith who called 911 when the customer (Mobley) ran up to their car. Matthews said that they had just left the National City Bank ATM when the customer ran up to them screaming "the bank is being robbed call the police". Matthews said she felt bad that she wouldn't let the lady in her car but she didn't know who she was. At that time a red full size Blazer pulled passed them and went north on US31. Matthews said she did not see the numbers on the license plate but did see that it was white and a maroon squiggly line at the top. She was sure it was an out of state license plate. Smith's statement was close to Matthews but she thought the plate had a pastel color at the top. They both watched from the White Castle after calling 911.

Several stores in the area were checked for video surveillance but none was found.

I contacted the media and sent photos and a news release out to generate new leads.

The bag used by the suspect had the writing "save time, save money, save green." The bag was identified as those sold at Dollar General Stores.

On 12/28/08 at approximately 1056 Hours, Franklin Units were dispatched to 1064 Oakleaf Road on an abandoned vehicle located in his driveway. The homeowner, Michael Day said he noticed the vehicle at approximately 1000 Hours on 12/28/08 but thought it was a friend of his neighbors. Day and his neighbor, Tom Hart, admitted to going inside the vehicle to find out who it belonged to. The vehicle a red 2000 Chevrolet Blazer (IL Plate G575533 VIN 1GNDT13W4Y2120051) was confirmed stolen out of Marion County on December 20, 2008. Located inside the vehicle were items that may have been used in the National City Bank robbery. The vehicle was towed to the Franklin Police Department for processing of evidence.

A neighborhood canvas was completed and no one in the area reported seeing who drove the vehicle or anything suspicious.

Roy S. West faxed IMPD's stolen vehicle report (Case Report 08-0199279). The

red 2000 Chevrolet Blazer was stolen on 12/20/08, at approximately 0700 hours, from the parking lot of 6404 Whitehaven Road Appt. #1157, Indianapolis. The owner of the vehicle, Raymundo Rodriguez, reported he left the vehicle running in the parking lot at the time it was stolen.
